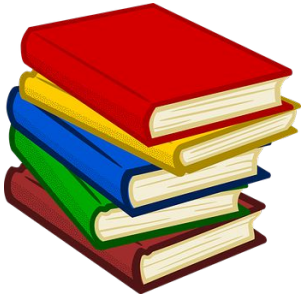
Grammar



© ESL Pals

Grammar Explanation

When do you use “might” and “might not”?

“Might” is used to describe something that is possible but not definite.

“Might not” is used to describe something that is unlikely.

Examples: I **might** go to the beach this weekend with my family.

I **might not** go to school tomorrow if I am sick.

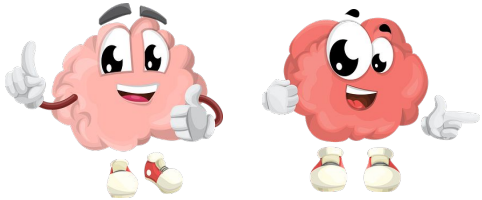
Teacher's Notes



- For this game, you need dice. If you don't have any - follow the link provided for an online dice roller: Dice Roller.
- The first player to reach the last tile wins.
- Move forward with the roll of the dice. Each time someone falls on a number - they must correctly identify the picture.
