My favourite room

My favorite room in the house is the living room. It's a cosy and warm place where I like to spend my evenings. In the corner, there is a soft sofa where I can sit and relax.

Next to it, there's a comfortable armchair that I often sit in and read my favourite books. Above the armchair, there is a lamp that shines brightly. It makes the room feel so inviting.

On cold evenings, I love to sit by the fireplace, feeling the warmth of the flames. The curtains on the windows are a lovely shade of blue, and they move gently in the breeze, making the room feel even more welcoming.

One of my favourite things about the living room is the rug on the floor. I often lie down on it to stretch and watch TV. This room is my special place where I can relax and feel at peace.
